

# Absolutely Purrfect

*cat rescue*

We are caring cat lovers who cannot resist trying to help innocent little furballs find their *Absolutely Purrfect* forever homes!

Until then, all our rescues are housed in foster homes where they receive total love and care.

## *Absolutely Purrfect*

is a 501(c)(3) non-profit rescue dedicated to helping homeless cats and kittens in Lehigh, Northampton & Berks Counties.

We are a devoted network of volunteers who have opened our homes as a temporary sanctuary for these furry friends.

As a small rescue group, we cannot foster every stray or unwanted cat. However, we are happy to help you help the cats and kittens for whom you would like to find a home.

If you can foster them, we can help you find their

*Absolutely Purrfect*

forever home.

## *Absolutely Purrfect* **Adoptions**

Every cat or kitten coming into our care is initially quarantined, tested for feline leukemia and FIV.

Having our cats in the care of experienced cat handlers gives us the advantage of knowing immediately when a cat is sick or hurt.

Rescues are seen by a vet for any issue that cannot be handled by the foster parent.

### **Adoption Fees: \$60—\$100**

*Fee includes:*

- Initial health evaluation
- Current vaccinations
- Spay/Neuter
- Important insight into your new cat's personality and habits by their foster parent, who has loved, played with, and socialized your new companion.
- 7-10 day initial follow-up call from our Adoption Coordinator.

## ***How Can You Help?***

Give a tax-deductible monetary gift to defray ongoing veterinary costs and supplies.

Donate canned cat food.

Become a volunteer ...

- help us on adoption days at local businesses and for special events
- become a foster parent
- work with our **Sunset Pets** program for senior citizens

Our ultimate goal is to establish a **no-kill cat sanctuary**

providing a home-like safe haven where our furry friends can enjoy the beauty of nature and have a place to be cared for until they can find their

*Absolutely Purrfect*

forever homes.
