Amplification Distribution Systems

for classrooms and public places.

- ◆ **Roger™ Pen** wireless microphones with Bluetooth™ connectivity and **Roger™ Focus** behind-the-ear receivers to aid in reducing background noise in classrooms.
- ◆ **Personal frequency modulation (FM) "looping" systems** integrated into public places that allow hearing-assistive devices to serve as wireless loudspeakers.

Furnish hearing aid care kits to newly-identified hearing-impaired students to help maintain their new hearing aids.

Annually sponsor a cabin at the Lions' Camp Kirby for deaf and hearing-impaired children.

SCHOLARSHIPS

VanDrach Memorial Scholarship

Central Bucks Sertoma Scholarship

Both scholarships are awarded annually to qualified hearing-impaired high school seniors to further their education in pursuit of a more secure and rewarding future.

ESSAY CONTEST

My Day as Deaf

With the goal of sensitizing children to the struggles of the hearing-impaired, normal hearing students in elementary and secondary schools are asked to wear ear plugs for a day and then write an essay about their experience as a deaf person for that day. As an incentive to participate, classrooms with 100% participation are treated to an ice cream party!

HOLIDAY HELPERS

In the Fall, club members begin acquiring and wrapping gifts that we joyfully distribute at Christmastime to the children in **Doylestown Hospital's Pediatric Unit**.

HIGHWAY CLEANUP

Twice a year our club gathers a crew of volunteers to pick up trash and debris along a **two mile stretch of Route 313** north of the Route 611 bypass. Our 25th year was recognized with a Merit Award from Penn DOT.
