matching rescue dogs with new families

[www.k9matchmaker.org](http://www.k9matchmaker.org)

We're here to help! Our trained and experienced volunteer staff will do all the legwork required to match a dog to its forever home, and our service is FREE (*you may be responsible for adoption fees charged by a rescue/shelter*).

## SADIE

female, spayed

2 yrs old

Shih Tzu/Yorkie Mix

This little 7lb sweetheart is good with kids and other dogs.

Don't know about cats because she's never been around them!

Her only issue is that she hasn't been properly housebroken, so she'll need some remedial help with that. Otherwise, she's a playful happy pup!

## ZEUS

male, 6 months old  
Choc Lab/Schnauzer Mix  
Current on shots  
Micro-chipped

Owner didn't want him, resulting in him living alone in a dark basement. Despite a bad beginning, Zeus knows his name and "sit", does well on a leash, is crate-trained, and his foster mom is working on his housebreaking. Fearful of meeting new people, once you "make friends" with him, though, he loves attention and gives lots of kisses!
